

Monday 22 January

Thank you to all parents and carers for your support of the Year 11 and 10 Charity Week last week. Whether it was finding something pink to be worn at the last minute for our themed non-uniform day on Friday or baking for the cake sale earlier in the week, we do appreciate how you help the students to get behind the week. To hear the result from the Year 11 vs Staff basketball match you'll have to wait for Aspire!

This week, Year 7 students visit Colchester Castle as part of their History studies. This outside the classroom learning is an important part of life at Debenham High School, wherever possible bringing learning to life and helping with the social cohesion and mix of year groups. Let's just hope that the skies clear and that they have a dry day.

Finally, good luck to all Year 9 students, who sit their examination week this week. These are meant to help students in the development of independent study skills. Parents and carers should have seen the revision guide with strategies for each subject to help students build their skills. Please **click here** to see a copy of the exam timetable and do not hesitate to contact us if you have any questions.
