

Monday 7 September 2020

It has been lovely to get a full school week complete with students this last week, it is just shy of six months since we have had all of our pupils together and it has been great to welcome them all back.

Students have settled back in to lessons and are focussed and keen to make progress but also to engage and enjoy their lessons and their time back in school.

We are continuing to creep back towards normal service and today has seen the canteen serve food around the school, this is all sold in the students' specific areas so we can make sure that students across different year groups do not cross bubbles. If you wish for your children to purchase food then we would please ask that their account is topped up via the school Gateway.

We are planning to hold our whole school assembly this week by TEAMS so we can come together as a school community, albeit virtually. We will welcome the appointment of School Prefects and our Head Boy and Girl and their deputies. I will talk about the essential elements of our character of Faith, Hope and Love, this assembly will be available on the website from Friday.

I have included a link to help parents follow the latest guidance on Covid-19, please be aware that there is no need to keep students at home if they are suffering from a cold and feel well enough to attend school, if however this accompanies any of the Covid-19 symptoms as described then please follow the guidance to keep them and any other household members self-isolating until a negative test has been returned.
